### PERSONAL SUMMARY

What led me to Data Analytics was building my first computer. Once I figured out I was good with computer hardware, I decided to pursue software. I am eager to continue learning and developing my data analyst experience.

### SPECIALIZATIONS

- SQL
- Excel
- Power BI
- Tableau
- Python
- Git/GitHub
- Adobe Premier Pro

### DATA ANALYST EXPERIENCE

#### Nashville Software School

Data Analyst Apprentice | Jan. 2021

Four month full time intensive introduction to Data Analytics and Business Analytics. Utilizing hands-on training using real data presented by real Nashville employers.

### WORK EXPERIENCE

#### Chick-Fil-A | 2015 - Present

Drive Through Lead

- Lead a team of 11-12 to improve speed of drive through service and order accuracy.
- Led weekly meetings to discuss new strategies for generating sales which resulted in record sales per hour.
- Monitoring and cross training of new and experienced employees.

#### Shoe Carnival | 2018 - 2019

Sales Associate (Seasonal)

- Implemented up-selling strategies that generated hundreds in additional sales.

### EDUCATION HIGHLIGHTS

#### Nashville Software School

Data Analyst | Jan. 2021

Columbia State Community College

Major: Chemistry | 2017- 2019
